Dear Friends of the Preborn,

Our *Florida Personhood Tour* is fast approaching! We have enclosed an itinerary of the Tour. We have also enclosed a card which you can fill out and return. There is a great need for financial help with this Tour. Some have the time to participate, but, as is the case with many these days, finances are tight. If you can help in this regard or with the many expenses that we incur for such an effort, please take time to fill the card out and return it.

**ALSO**, we need help with housing while we are down there. Please look over the itinerary, and if you know of anyone who lives in those areas that might help with housing, please let us know! We travel light with everyone sleeping on floors. Showers are important however! Churches, gyms, large houses, camps - or whatever you think of can work!

The people from *Personhood USA*, which is the group conducting Personhood amendments in 12 states this year, have asked us to conduct the Tour in Florida because they view it as most strategic to utilize us there out of all the states. They have a huge undertaking there to try and get the personhood amendment on the state ballot for this fall.

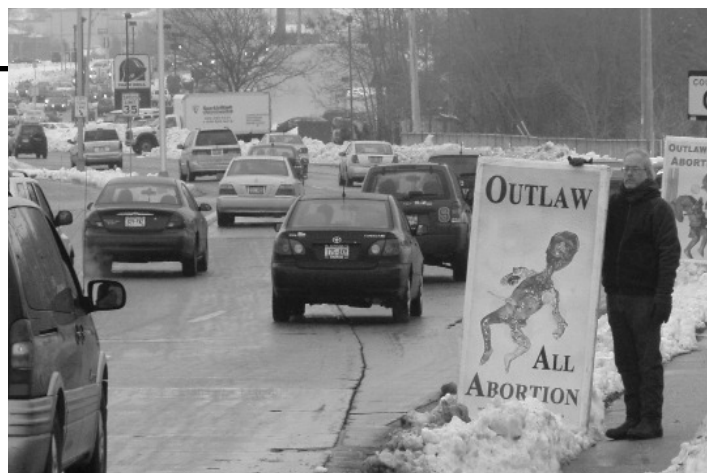

We have also, as a two-prong attack to our Tour, decided to target college students attending Spring Break, hence our stops in Panama City Beach, Miami, and Daytona Beach.

*If you can participate in this Tour or help us financially - we need your help!* This is a great opportunity to impact thousands of lives regarding the brutal killing of the helpless preborn. We will display the photographs of the preborn - both those in the womb and those murdered by abortion - all along the Tour. We will pass out tens-of-thousands of pieces of literature which reveals the truthful horror of abortion, and which also presents the Gospel of Jesus Christ.

May this cause no small stir! *May the Lamb that was slain receive the reward of His suffering!*

*Pastor Matt Trewhella*

On December 19th, more than 40 people took time out from their busy Christmas schedules to line up for over half a mile along a road packed with Christmas shoppers in order to speak up for their preborn neighbor. This is part of our ongoing 'monthly tour stops.'

# *Urbana:* **A MASSIVE OPPORTUNITY!**

From December 29th through December 31st, *Missionaries to the Preborn* had a team on the field in St. Louis, Missouri, at the *Urbana Missions Conference*. This is the world's largest missions conference held once every three years. About 25,000 college students from about 50 different countries come to this missions conference.

How much do you think it would cost for us to have traveled to all these countries to expose to them the brutal horror of abortion? This is a massive opportunity to have them all come here to our country and gather at one place! And then take our literature back with them!

Unfortunately, the leadership of the Urbana Conference, which is *Inter-Varsity*, continues to show abject neglect to the preborn. As we have written about before, they deny us to have a booth to display our mission (even though we met all the criteria) at the conference. They say that the preborn are NOT a legitimate people group, yet they allow groups whose "mission" it is to save *trees* into the conference and give them a booth! Even this time, there was an emphasis on *social justice* at Urbana. They focused in on AIDS and on the environment, but not one mention of the preborn!

*A common sight - students checking out our photographs and taking pictures.*

*Some of the team that went to Urbana.*

Had we not been outside on the streets speaking up for them, the students would have never had the unjust killing of the preborn brought to their minds. We put out thousands of pieces of literature, and had countless conversations.

*If you would like to see and hear more about this effort, you can watch the TV show that Pastor Matt hosts on **WVCY-TV30** here in Milwaukee by going to*

our website [MissionariesToPreborn.com](http://MissionariesToPreborn.com) and watch the January 8, 2010 show. Just click on the little tv icon for that date.

The show includes a 'man on the street' segment where we interview students attending Urbana. We ask them "Do you believe the preborn child is a human being?" which almost all immediately respond that they are in fact human beings. We then ask them "Do you believe abortion then is murder?" We were shocked by the hesitancy and reluctance to call abortion murder. You can watch it all, including an interview by an Urbana leader which shows why these young people speak the way they do.

# **ATTEMPT TO DISTRIBUTE 100,000 DVD'S IN SOUTHEASTERN WISCONSIN CONTINUES!**

In 1993, the *Tell The Truth Project* distributed 100,000 *Hard Truth* videos in southeastern Wisconsin. Now a new, better, media is available - DVD! This allows much more material to be put into people's hands and the cost is much less! The DVD includes an introductory seven-minute film. Then there are various other tracks they can then click on for further viewing. Finally, there is a comprehensive website - [Abort73.com](http://Abort73.com) - addressing every matter of abortion conceivable that they can go to online! This is the ultimate educational tool regarding abortion.

The plan is to put out all the DVD's in one day with the help of 1,000 volunteers! If you would like to help with this effort, or contact your pastor or do a presentation at your church:

**Tell the Truth Project2**  
**414-771-3934**

The goal is to distribute the DVD's this spring.

## **ANNOUNCEMENT**

We have an e-mail list. We would like to add you to that list to better keep you informed. Please fill out the enclosed card with your e-mail address and we will add you. Our system allows you to be removed anytime you desire.

## **DemographicWinter.com**

We heartily recommend this groundbreaking film to all.

This film explodes the population myth and explores the severe economic and social consequences of family decline and plummeting birthrates worldwide. The effects will be severe and long lasting and are already becoming manifest in much of Europe. The film's fast moving and artistic style highlights the research of economists, demographers, social scientists and authors.

*Demographic Winter: decline of the human family* is a groundbreaking film that will change the way you look at economics and your children.

Go to this website, purchase this film, and show it at your church and to as many people as you possibly can.

# Sit back, enjoy the wickedness – it's all *SUPPOSE* to happen this way!

Egocentrism, faulty eschatology, and the neutralized American Church.

*By Pastor Matt Trehella*

Having been a pastor for over 20 years now, I write out of a deep concern over the state of the Church in America. If one was to look at Bunyan's *Pilgrim's Progress*, the Church in America today is stuck in *Vanity Fair*. There is a perpetual pursuit by American Christians for personal peace and prosperity. Comfort and ease reigns.

I see no heartfelt desire amongst Christians to serve Him, and see His kingdom expanded in the earth (Lk.13:18-20). There seems to be no desire to truly follow Christ or glorify His name. We seem to have forgotten that Jesus said, "*Whoever desires to come after Me, let him deny himself, and take up his cross, and follow Me.*" (Mk.8:34)

I have noticed over my years that one massive contributor to this lackluster desire to serve Christ and see His kingdom expanded in the earth is the popularly held eschatological belief that Jesus is coming back any day now.

Last week I had a conversation that I have had or listened to thousands of times in the past. A woman, who recently came out of the slumber which grips the American Church, called me to tell me how much trouble she is having getting people involved at her church to take action against legislation which is a clear attack upon the law of God and family government.

She said that they all tell her "*Don't you know these things are suppose to take place? These are the end times. Things are suppose to get worse. Jesus is coming to take us out soon.*"

I responded by telling her that the Chinese Christians thought the same thing when Mao Tse-tung was coming to power in the late 1940's. They stood by and did nothing because they thought it meant the end times with Jesus coming back any day. They were wrong. The utter persecution they suffered afterwards is well preserved in history.

They learned the hard way that God doesn't fly a Chinese flag in heaven. They thought for sure that Jesus *had* to be returning because things were getting worse in *their* country. They paid dearly for their egocentrism and their faulty eschatology.

Nor does God fly an American flag in heaven. Just because things are getting worse in America doesn't mean that Jesus *has* to be returning any day now.

What about all the countries where God's kingdom *is* growing and expanding? Countries in Africa, South America, and even some places in Asia have seen thousands upon thousands won to Christ over the

last decades. Many of these countries are even embracing the moral law of God for the legislative law of their land. What about them?

What? Jesus *has* to return just because things are getting worse in America? Our egocentrism and faulty eschatology has blinded us, just as it did the Chinese Christians of the 1940's.

Think of this – in 1900 only 10% of the population in Africa was Christian. Today, it is 48%! Nations like Zambia, Zimbabwe, Sudan, Ethiopia, Kenya, Nigeria and Uganda have seen spectacular growth. The Church in Africa is alive with a strong commitment to Christ and righteousness. They – who once had missionaries coming to them – are now sending missionaries out around the world!

But Jesus *has* to return just because things are getting worse in America?

The truth is things are getting worse in America because the Church is playing the whore. We have decided that we like being the sugar of the earth, rather than the salt of the earth Christ calls us to be. Jesus said, *“You are the salt of the earth; but if the salt loses its flavor, how shall it be seasoned? It is then good for nothing but to be thrown out and trampled under the foot of men.”* (Mt. 5:13) This is why things are worse in America.

Those who say it is the end times so things are suppose to get worse, neutralize Christian men, and it becomes a self-fulfilling prophecy. The preoccupation with ever-changing prophecy charts by Christians in America has produced bad fruit which is evidenced by the state of our nation. Having been involved in ministry for the preborn for many years now, I can tell you this preoccupation with popular eschatology is the number one reason why people do *not* get involved in our efforts.

The truth is Christ is a king (I Tim.1:17). He is *“the ruler over the kings of the earth”* (Rev. 1:5). He is the King of kings and Lord of lords (I Tim 6:15). His kingdom is to expand in the earth (Lk.13:18-20). His is a conquering kingdom (Mt.16:18). The reputation of the early Church Christians was that they *“turned the world upside down...saying there is another king – Jesus.”* (Acts 17:7).

Unfortunately when it comes to the Church in America, all His ambassadors and soldiers have left the field of battle having been neutralized by the faulty idea of present-day, popular, ever-changing eschatological schemes.

Matt Trehwella is the pastor of Mercy Seat Christian Church (MercySeat.net) and the founder of Missionaries to the Preborn (MissionariesToThePreborn.com). He and his wife, Clara, have eleven children and reside in Milwaukee, Wisconsin.
