MissionariesToThePreborn.com

April 10th, 2009

Dear Friends of the Preborn,

“Now in the spring, the time when kings go out to battle...” I Chronicles 20:1

After a hard, brutal winter here in Milwaukee, we are commencing a fresh offensive on behalf of the preborn. We have many actions planned for this year with a fresh assault on the final two deathcamps in Milwaukee, with an emphasis on one in particular.

We are praying the Lord would raise up those who He would have be a part of this fight. If the Lord is laying it upon your heart or you desire to be a part of this effort, please call our office at 414-462-3399 or email us at defendbabies@missionariestopreborn.com and let us know.

May the Lamb that was slain receive the reward of His suffering!

Pastor Matt Treuhella

Monthly Tour

MILWAUKEE

Saturday, April 18th, 2009

Silver Spring Dr. & Port Washington Rd.

11:30 a.m. until 1:00 p.m.

Our Truth-Truck continues to roll

Thanks to your giving, we are able to keep the truth-truck rolling through the streets of Wisconsin, and beyond!

Here the truck rolls through the streets of Madison, Wisconsin during a demonstration wherein over 1500 people gathered to protest the opening of a late-term killing-center in that city.

Thank you for all that you do to keep us out on the field of battle.

Join us in Chicago, Illinois May 3-5, 2009

(see other side of this page for details)

Going to the Source

ACOG CONVENTION

Chicago, Illinois

May 3-5, 2009

The American College of Obstetrics and Gynecology (ACOG) is the largest organization of ob-gyn doctors in America, and literally hundreds of abortionists are part of their group. This organization is:

- Pro-abortion
- Advocates for pro-abortion legislation in Congress
- Advocates for pro-abortion legislation in state legislatures around the country
- Advocates for mandatory abortion training for medical students
- Advocates for mandatory physician involvement in abortion by demanding that all physicians either do abortions or refer for them, and have their license revoked if they do not either commit or refer for abortions

For the seventh year in a row, *Missionaries to the Preborn* will be at their national convention to call them to repentance. This is a strategic hit. We are going to the source - the doctors themselves!

Every year that we have gone, we have seen many great things happen. We have many conversations and confrontations, and return with many testimonies where we saw God's hand at work. There is always *no small stir!* As one police officer standing on the corner amongst those attending told us last year, "*Just wanted you to know, you're certainly causing a lot of conversation.*"

Your help is needed for this effort!

Whether you can come for all three days or just for an hour -
WE NEED YOUR HELP!

Please contact us at 414-462-3399 or

LET IT DIE:

The Digitalization of Television and the Continuing Descent of American Christianity

By Pastor Matt Trehella

The deadline for transitioning your TV from analog to digital has now been officially moved from February 17 to June 12. I have some advice – *let it die*. If you haven't noticed, most Americans walk around with glazed over eyes. A massive contributor to this is the sex-saturated television industry.

Americans have corrupted themselves. They have desensitized their ability to discern between good and evil. Most are so compromised by what they feed on through their television viewing, they couldn't recognize evil for what it is if it came up and bit them on the end of the nose.

Think of this. Why would the government give forty dollar coupons to all Americans to keep them intravenously hooked up to that thing? If the government wants so desperately to keep us connected to tv, that right there makes me not want to have it! A corrupt government has to keep a comatose corrupt people hooked up to what keeps them *indifferent* to the events of their nation. 'Bread and circus' worked good for the ruling elite in Rome, and our rulers have done the same to the American people today.

Do you know that it is a scientific fact that your brain flatlines when you sit in front of the TV? There is no brainwave activity. Your brain then begins to desire that feel. It likes *not* to think, and have things involuntarily dumped in there. Hence, people's routine, habitual, never-ending, television viewing.

Why is American Christianity in such a pathetic state? Why do churches put such emphasis on entertaining those who gather? Because we have an American Christian people which are drunk on entertainment. This is where Christians invest their money.

Where are the young men of the next generation who can logically, intelligently, reasonably, and passionately defend the faith? They have wasted their youth and brains on television.

If American Christians refuse to unhook themselves from the television feeding tube, the state of American Christianity will just continue its descent from true Christianity. The digital transfer has provided an opportunity to help us rid ourselves of what is wasting our time and corrupting us. This is an opportunity to "*lay aside every weight, and the sin which so easily ensnares us, and run with endurance the race that is set before us.*" (Heb. 12:1) Let us seize it. *(over)*

Listen. You can get your news (the reason stated by most Christians as to why they still have a TV - *right!*) from the internet in one-tenth the time you can from watching the news on TV, and without all the dumb commercials, puff pieces, and social engineering. The propaganda of the TV tries to demoralize and convince us that the whole nation is as immoral and socialistic as they portray it to be.

So let your television die! Look. You can still watch videos and DVD's. But do yourself a favor when you do – turn on the subtitles so that you can read while you watch. This will exercise the brain, and help reduce the shrinkage.

Oh, and here's some fresh thoughts – pick up a book, converse with your spouse, and develop a relationship with your children.

Matt Trehwella is the pastor of Mercy Seat Christian Church (MercySeat.net) and the founder of Missionaries to the Preborn (MissionariesToThePreobrn.com). He and his wife, Clara, have eleven children and reside in Milwaukee, Wisconsin.

Dominican Republic Report

Members of *Missionaries to the Preborn* and *Faithful Soldier School of Evangelism* recently participated in a campaign on behalf of the preborn. From January 18 - 26, a team of 13 Americans traveled to the Dominican Republic to help Dr. Gene Antonio in his unwavering efforts to thwart baby-murder from coming to that island nation.

The cause for the trip? The Dominican Republic is in the process of adopting a new constitution. The new constitution declares both abortion and same-sex marriage to be illegal. There are already laws outlawing abortion, but this would add it to the constitution itself!

Planned Parenthood and the *United Nations* however are doing all they can to have these two declarations removed from the constitution. The team went to help counter what PP and the UN are trying to pull off.

The American team with Dr. Antonio.

The team originally planned to go to the Dominican in February, but by an act of divine providence the trip was moved up to January. The day before they left, *they learned that the new constitution was going to committee that week!* That wasn't suppose to happen until March.

God's hand was seen in this in that their efforts now became national news! Their efforts saturated the media the entire week they were there! The team also met with legislators, spoke at numerous high schools, and put out 60,000 hard-hitting tracts which exposed the horror of abortion, and presented the Gospel. *Please pray for the Dominican Republic!*
