Dear Friends of the Preborn,

We hope and pray you have a warm Christmas season with family and friends, taking time to draw close to the Lord, after a sad, grim political season for the helpless preborn.

Once again, after the Republicans squandered their time in power by maintaining the status quo regarding the preborn with no victories of note for their cause, the American people have spit upon them through the vote. South Dakotans actually had the opportunity many of us in other states can only dream of - *the opportunity to vote to outlaw baby-murder in the womb*. Nonetheless, they couldn't bring themselves to do it. Rather they sided with the brutal and wicked, and continued to make the preborn open game to those who kill for profit. In Kansas, the voters threw out Attorney General Phil Kline thus ending his legal pursuit of Planned Parenthood. His opponent made it clear that he would give Planned Parenthood a pass if he was elected. Across America, literally hundreds of pro-life politicians were thrown out of office and replaced by pro-death politicians. A dark day indeed for the preborn.

Meanwhile, the church remains silent, indifferent, and apathetic to their unjust slaughter. For example, Pastor Rick Warren, whose lead influences literally thousands of churches in America, recently had Illinois Senator Barak Obama speak at his AIDS summit which was held at Warren's church. Obama is being courted for the next presidency by the Democrats and has openly and repeatedly spoken in favor of the legal killing of the innocent preborn. A call to Pastor Warren's church to make him aware of Obama's position on baby-murder changed nothing. Obama spoke on the topic "*We Must Work Together.*" This type of non-chalant indifference toward the preborn is typical of much of American Christianity. Preborn children are the most oppressed people group in America, and ministers who should be leading the charge on their behalf, rather turn a blind eye to them like the priest and the Levite did to the guy left for dead by the side of the road.

Another example is the *Urbana Missions Conference* being held in St. Louis later this month. Urbana is the world's largest Christian missions conference which is held once every three years by InterVarsity. Twice Missionaries to the Preborn tried to gain entrance to the conference as a missions organization. Even though we met all the criteria the conference set forth to be accepted, we were denied both times *because the leadership did not view the preborn as a legitimate people group*. Yet, both times another organization was granted entrance whose purpose is to save trees! They exist to save the rainforest and are accepted while the preborn are denied and viewed as illegitimate.

Urbana always has a "social concerns and missions" emphasis at their conference. This year it will be about AIDS and Missions. Rick Warren will be the key-note speaker. The preborn have *never* been a part of Urbana's "concerns" as an emphasis at one of their conferences.

So what do we do? Seek God. Trust that He will inspire us with new ideas which we can implement on their behalf. And persevere. Have the wisdom to know which things we are doing that should be continued, and then persevere in doing them. We intend to do exactly that.

Pastor Matt Trehella

WAL-MART Continues to Unashamedly Fund and Support Murder and Perversion

As reported in our last newsletter, Wal-Mart has given tens of thousands of dollars to Planned Parenthood and to various homosexual groups. On Tuesday, November 21st, just three days before the busiest shopping day of the year, Wal-Mart released a milktoast statement which some Christians took to mean that Wal-Mart would stop funding and supporting baby-murder and perversion. The truth is however, that Wal-Mart continues to both fund and support the killing of the preborn and the perversion of the homosexual lobby.

Every article that was published after the statement was released had Wal-Mart officials bending over backward to assure everyone that they would continue to support the homosexual agenda. For example, MSNBC reported that Mona Williams, Wal-Mart's vice-president of communication stated in an interview that Wal-Mart would continue to work with the National Gay and Lesbian Chamber of Commerce and other gay-rights groups.

A person on our e-mail list forwarded a reply from Wal-Mart which was sent to him the day *after* Wal-Mart had released their milktoast statement of which he had made inquiry. It read:

"Wal-Mart Stores, Inc.'s commitment to nondiscrimination underscores our understanding of - and appreciation for - diversity, as well as the growth and influence of emerging consumer markets in the United States, including the lesbian, gay, bisexual and transgender (LGBT) community."

"Working with the National Gay and Lesbian Chamber of Commerce (NGLCC), as we do with other minority enterprise leaders, is our way to help educate corporate America and the public about the economic benefits of a diverse workplace and the power of creating mutually beneficial relationships with the LGBT and LGBT-friendly business community."

Also, a call from our office here at Missionaries to the Preborn confirmed that Wal-Mart has no intentions of ending their funding of Planned Parenthood or the selling of the Plan B abortifacient pill. ***The boycott needs to continue!***

On Saturday, November 18th, about 40 of us gathered at a busy intersection near a Wal-Mart to expose their complicity. (A copy of the flyer we passed out is enclosed. Both it and this page are in black and white so you can make copies and distribute).

Speaking Up for the Preborn at Urbana 2006

Once every three years, the world's largest Missions Conference is held. This year it will be held in St. Louis. Nearly 30,000 college students from over 50 countries will attend. Missionaries to the Preborn will be there to expose the humanity of the preborn child to them in hopes that they will no longer view abortion as just some dismal political issue, but rather, they will see the preborn as a people group worthy of our ministry.

Please remember this outreach in your prayers.

WOMAN HARMED BY "SAFE-LEGAL" ABORTION IS TAKEN TO MILWAUKEE HOSPITAL

On Tuesday, November 28th, a woman was taken from *Affiliated Medical Services* by ambulance to St. Mary's Hospital. *Affiliated* is one of two death camps where abortions are routinely performed here in Milwaukee.

Paramedics rush a woman who was injured by a botched abortion to the waiting ambulance. Members of Missionaries to the Preborn took this picture as the drama unfolded before them.

Missionaries Jim Soderna and John Stambaugh were outside the death camp speaking up for the preborn and offering help to the moms, when at about 2:15 p.m., a Milwaukee Firefighter Paramedic ambulance approached with lights flashing and siren roaring. The paramedics entered the facility and emerged about 10 minutes later with a woman on the stretcher. The ambulance pulled around to the back door in the alley to remove the woman from the clinic.

Once again a woman is harmed by "safe legal abortion." Her exact injuries are unknown. The child is presumed dead. Clinic workers were later filmed laughing and joking outside the abortuary. The Missionaries are outside this deathcamp every day they kill babies to offer help and declare God's Word. Please pray that this unjustified killing and subsequent injury will some how be instrumental in seeing *Affiliated Medical Services* closed down and forced out of business.

Please continue to pray for the Missionaries to the Preborn here in Milwaukee, as their ministry can often bring hostile reaction. Just this year while out at *Affiliated* for example, one missionary had a knife pulled on him, another was attacked, and a third had his sign stolen. In spite of this, the Lord has used them for good. Many babies were spared death by their efforts this past year! Please pray many more would be spared a grisly death this coming year.

**Contact the *Milwaukee Health Department* and ask for an investigation
into the unsafe practices at *Affiliated Medical Services*.**
